

## **CURICULUM VITAE**

**HAMID ALLAHVERDIPOUR**

**Professor of Health Education**

**Editor-In-Chief:**

**HEALTH PROMOTION PERSPECTIVES**

**Dean of Faculty of Health:**

**Tabriz University of Medical Sciences**

**Email:** [allahverdipourh@tbzmed.ac.ir](mailto:allahverdipourh@tbzmed.ac.ir)

**ORCID ID:** [orcid.org/0000-0003-3700-6185](https://orcid.org/0000-0003-3700-6185)

### **PERSONAL INFORMATION**

**Name:** HAMID ALLAHVERDIPOUR  
**Date of Birth:** 21/Mar/1965  
**Place of Birth:** Tabriz , Iran  
**Marital Status:** Married - two children  
**Address:** Department of Health Education & Promotion,, Faculty of Health, Tabriz University of Medical Sciences , 14711,Tabriz, Iran  
**Tel:** **Office:** 0098 41 33344731, **Mobile:** 0098 9143147363  
**Fax:** 0098 41 33344731

## **Education**

**PhD of Health Education** – TarbiatModarresUniversity, Tehran, *Iran*

Thesis title:

Integration of Self-Control in Extended Parallel Process Model to Prevention of Drug abuse among High School Students.

**Master of Health Education** – TarbiatModarres University, *Tehran, Iran*

Thesis title:

Designing and Applying Child to Family Preventive Health Education Program for Prevention of Iodine Deficiency Disorder in Tehran-Iran

## **Professional experiences**

- 1) Academic member of Preventive Medicine Department:  
August 1995-October 2001, Hamadan University of Medical Sciences
- 2) Academic member of Department of Public Health:  
October 2001-September 2008, Hamadan University of Medical Sciences
- 3) Academic member of Department of Public Health Management:  
September 2008 -Present, Tabriz University of Medical Sciences
- 4) Editor Editor-in-Chief of Health Promotion Perspectives, since 2011-Present
- 5) Associate Editor of Journal of Research in Health Science, 2005-2010

## **Reviewer of following Journal:**

1. Health Education and Behavior
2. Archives of Women's Mental Health
3. Substance Abuse Treatment, Prevention, and Policy
4. Journal of Research in Health Science
5. Macedonian Journal of Medical Sciences
6. Iranian Journal of Public Health
7. The Eastern Mediterranean Health Journal

**I have been involved in teaching of the following subjects:**

1. Family health for Medical students
2. Health Education for Medical students
3. Adolescence Health for Medical Students
4. Health education for B.Sc. students
5. Geriatrics Health for B.Sc. students
6. Clinical Epidemiology for Medical students
7. Mental Health & addiction for B.Sc. students
8. Health Communication for M.Sc. students & Ph.D. candidates
9. Sociology of Health for B.Sc. & MSc. Students & Ph.D. candidates
10. Public Health for B.Sc. students
11. Research Methodology for MSc. Students & Ph.D. candidates
12. School Health for MSc. students & Ph.D. candidates
13. Health communication for Preventive Medicine residents
14. Principle of Elderly for MSc. students
15. Health Psychology for MSc. Students
16. Fundamentals of aging for MSc. Students
17. Health Education and Behavior Modification for Ph.D. candidates
18. Behavioral Change Theories for Ph.D. candidates
19. Community based Health promotion for Ph.D. candidates
20. Health Promoting Hospitals for Ph.D. candidates
21. Evaluation in Health Promoting Programms for Ph.D. candidates

**Research activities**

1-Risk- determination of Environmental tobacco smoke of Coronary heart disease among hamadan's married women.

2- Assessing faculty members' ability about summative and formative evaluation.

3- Analyzing determinant factors on cervical cancer's preventive behaviors  
Based on Health Belief Model.

4- Assessing preventive health education program with aim of increasing vehicle driver first aid ability about road car accidents.

5- Assessing effectiveness of village health worker health educational duties. 6- Designing and applying child to family preventive health education program for prevention of Iodine Deficiency Disorder in Tehran-Iran.

7-Integration of Self-Control in Extended Parallel Process Model to Prevention of Drug abuse among High School Students. (Supported by UNODC).

8-Assessing pattern and trend of Substance abuse among 12-25 years old male in the Hamadan. (Supported by Hamadan university of Medical Sciences).

9- Assessing perceived threat of breast cancer, benefits and barriers of breast cancer screening related behaviors among urban and rural population based on Health Belief Model. (Supported by Hamadan university of Medical Sciences).

10-Assessing pattern of Anabolic Steroid abuse among male body building adolescents in the Hamadan (supported by Hamadan university of Medical Sciences).

11- Assessment and analysis of breast cancer's screening related behaviors among urban and rural population based on Health Belief Model (supported by Hamadan university of Medical Sciences).

12- HIV/AIDS Risk perception among College Students (supported by Hamadan university of Medical Sciences).

13- Designing and applying child to family preventive health education program for prevention of brucellosis (supported by Hamadan university of Medical Sciences).

14-Five a Day health education program for promoting nutritional behaviors of elementary schools' students. (Supported by Hamadan university of Medical Sciences).

15-Comparative assessment of Persuasive beliefs and determinant factors for caesarean section among pregnant women in the Hamadan and Tabriz.(Supported by Hamadan university of Medical Sciences).

16- Computer games incidence and its relation to adolescents mental health status (supported by Hamadan university of Medical Sciences).

17. Applying theory of planned behavior and Prototype /Willingness Model for predicting smoking related behaviors among adolescents.
