

Supplementary File 2. Customized CASP Study Quality Checklist

Study No	<input type="text"/>	Author Details	<input type="text"/>
Study Title	<input type="text"/>		
Study Design	<input type="text"/>	Is there a clear study result?	<input type="text"/>
Is there a clear research focus?	<input type="text"/>	Are ethical issues and limitations reported?	<input type="text"/>
Is an appropriate methodology used?	<input type="text"/>	Are result applicable and replicable?	<input type="text"/>
Is appropriate recruitment done (with stats)?	<input type="text"/>	Does it fit with other related evidence?	<input type="text"/>
Is there a comparison group?	<input type="text"/>	What are the study implications and/or Recommendations?	<input type="text"/>
Is bias minimized with clear inclusion and exclusion criteria?	<input type="text"/>	Quality Summary Note	<input type="text"/>
Are confounders accounted?	<input type="text"/>	Quality Score	<input type="text"/>
List of accounted confounders	<input type="text"/>	Quality Grade	<input type="text"/>
Are comparison groups similar?	<input type="text"/>		
Is follow up completion rate reported?	<input type="text"/>		
Are loss to follow up reasons reported?	<input type="text"/>
